Art Unit: 1796

1. Claims 21-29, 31, 32, 35, 40-44, 46, 48-50, 52-54, 56, and 58 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

It is unclear how the “second gaps” are distinguished from other claimed gaps or how the respective gaps relate to each other. In the absence of further clarification, reference to what essentially constitutes multiple sets of gaps is confusing. Furthermore, in view of the instant claiming of additional or other gaps, it is unclear if the claim language that pertains to filling the gaps refers or pertains to all gaps claimed.

2. Claims 21-29, 31, 32, 35, 40-44, 46, 48-50, 52-54, 56, and 58 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention.

Despite applicants’ remarks, the examiner has not found support for the amended subject matter pertaining to “second gaps” or how they are formed in relation to the steps of the process. The examiner has considered applicants’ cited figures and the disclosure at page 12, lines 16-30; however, it is not seen that these disclosures describe the concept of “second gaps” or how they relate to other gaps. Applicants are required to clearly explain where support exists for these amendments.

3. The prior art rejections have been withdrawn in view of applicants’ amendments and response.

Art Unit: 1796

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a).

Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.

Any inquiry concerning this communication should be directed to R. Sergent at telephone number (571) 272-1079.
